

THE FUTURE OF POSSIBLE

Consumer Product Training Schedule

Date	Time	Items	Details
Day 1	9:30 AM - 10:00 AM	Opening Ceremony	1. Opening ceremony and introduction on training schedule 2. Introduce key points for training assessment 3. Overall DJI after sales work flow 4. DJI after sales organization structure and function
	10:00 AM - 12:00 PM	P4P Maintenance Training	1. Introduction on names of different modules 2. Basic structure 3. Bill of maintenance tools and using methods 4. Introduction on aircraft disassembly 5. Soldering practice
	12:30 PM - 4:30 PM		1. Aircraft assembly practice 2. RC assembly & disassembly
	4:30 PM - 6:00 PM		1. Teaching Phantom 4 Pro damage evaluation procedure 2. Introduce evaluation methods & rules 3. Practical exercise of damage evaluation
Day 2	9:30 AM - 10:00 AM	Mavic Pro & Spark Maintenance Training	1. Introduction on names of different modules 2. Basic structure 3. Bill of maintenance tools and using methods
	10:00 AM - 12:00 PM		1. Instruction on disassembly and assembly Mavic Pro 2. Introduction on maintenance methods of Mavic Pro 3. Disassembly and assembly Mavic Pro 4. Mavic Pro repair software
	12:30 PM - 1:30 PM		Disassembly and assembly Mavic Pro RC
	1:30 PM - 4:30 PM		1. Introduction on disassembly and assembly Spark 2. Introduction on maintenance methods of Spark 3. Disassembly and assembly Spark 4. Spark repair software and fixtures
	4:30 PM - 6:00 PM		1. Teaching damage evaluation procedure of Mavic Pro and Spark 2. Introduce evaluation methods & rules 3. Practical exercise of damage evaluation
Day 3	9:30 AM - 10:00 AM	Inspire 2 Maintenance Training	1. Introduction on names of different modules 2. Basic structure 3. Bill of maintenance tools and using methods
	10:00 AM - 12:00 PM		1. Introduction on maintenance methods of Inspire 2 2. Introduction on disassembly Inspire 2
	12:30 PM - 5:30 PM		1. Introduction on assembly Inspire 2 2. Inspire 2 repair software and fixtures
Day 4	9:30 AM - 11:30 AM		1. Teaching Inspire 2 damage evaluation procedure 2. Introduce evaluation methods & rules 3. Practical exercise of damage evaluation
	12:00 PM - 5:00 PM		Inspire disassembly and assembly practice
	5:00 PM - 6:00 PM	Workshop	Dealers' drone repair experience sharing and suggestion on DJI products/procedure collecting
Day 5	9:30 AM - 11:30 AM	Final Exam	1. Evaluation exam (1 Inspire 2, 1 Mavic pro or Spark, 1 P4P) 2. Accuracy rate should be above 80% 3. Complete each evaluation task within 40 mins
	12:00 AM - 5:30 PM		1. 4.5 Hours practical disassembly and assembly of Inspire 2 aircraft and RC with software testing 2. Solder one PCB board of P4P, complete the task within 30 mins 3. Test the Mavic and Spark with repair software
	5:30 PM - 6:00 PM		Graduation Ceremony

Actual course time could be adjusted according to actual situation.

Training Center Address:

BIJDORP-OOST 6 NL-2992 LA, BARENDRECHT, The Netherlands

Contact Person:

Jeremy +31 (0) 180 - 745736 , jeremy.tjon@dji.com

Notes:

1. 6 participants for each session;
2. Dealers who attend the examination or training need to have experiences in operating drones and repairing electronic devices and be capable of speaking English.
